Certified

Professionalism. On-Time Commitment. Operational Reliability.

What We Specialize In

Customized Packaging Solutions

End-to-end custom packaging engineered for heavy industrial cargo from timber crating to VCI corrosion protection.

Onsite Packaging Solutions

Expert teams deployed at your facility for on-location packaging, lifting, and lashing – available 24/7, anywhere in the UAE.

ISPM-15 Heat Treatment

Skiltech, our subsidiary, is one of the few ISPM-15 licensed and stamping entities in the UAE. Prevents the spread of pests across international borders.

Lifting & Lashing

Professional lifting, lashing, and cargo securing for marine containers, RORO vessels, and heavy industrial shipments.

Project Cargo Transportation

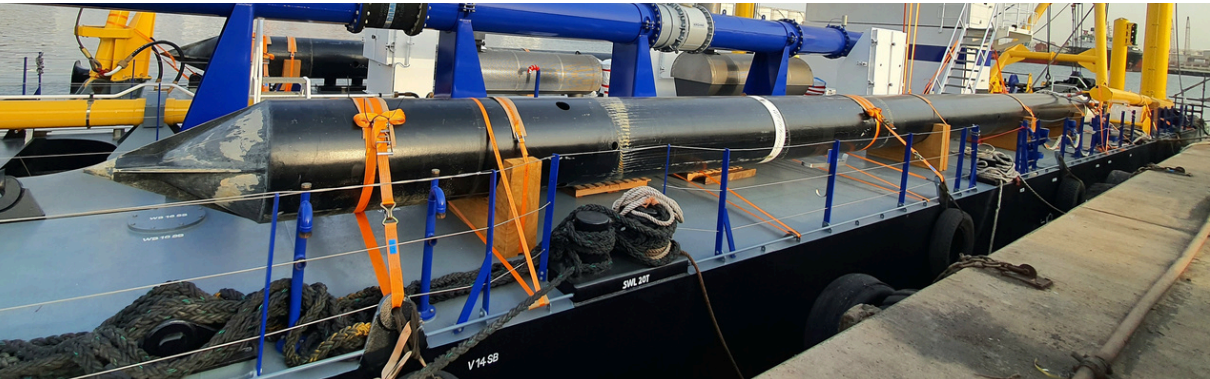

Specialized handling for over-dimensional, out-of-gauge, and heavy-lift cargo with route surveys, crane coordination, and multi-modal planning.

Open & Covered Storage

State-of-the-art warehousing with temperature control, racking systems, and bonded warehouse capabilities.

These solutions are engineered to **secure, stabilize and transport cargo with precision.**

Our Products

VCI / Aluminium
Barrier Foil

Heat-Treatment
(ISPM-15)

Bubble Roll

Wooden Pallets
